

Privacy Policy

Muses of Morenita, operated by Amelia Arabe · Effective Date: September 7, 2026

1. Who We Are

This Privacy Policy applies to Muses of Morenita ("Muses of Morenita," "we," "us," or "our"), a platform for multi-hyphenate creatives to build a portfolio, manage their work, and connect with their own clients, operated by Amelia Arabe, located in Los Angeles, California. Muses of Morenita is a product of Amelia's engineering practice and is distinct from other, separate products she operates (including Library of Morenita) — this policy covers Muses of Morenita only. If you have questions about this policy, contact us at missameliava@gmail.com.

2. Information We Collect

2.1 Account Information

Creating an account requires only your email address — we use passwordless, "magic link" sign-in, so we never receive or store a password. Once signed in, you may add a display name, handle, bio, contact email, phone number, location, and a profile photo or logo.

2.2 Portfolio Content You Create

Muses of Morenita is built around content you choose to publish: career categories ("toggles"), project case studies, images, artwork and collections, service listings, social links, and Archive product listings. You control what you publish, and it is visible to visitors of your public portfolio page by design.

2.3 Client-Tracking Information (Studio)

If you use the platform's client-tracking tools, you may enter information about your own clients — name, email, company, and project status, milestones, and updates — for the purpose of managing your client relationships. Each project generates a private, hard-to-guess link that lets that one client view their project's status without creating an account, a password, or uploading any files. We do not access this information except as needed to operate the platform or as required by law.

2.4 Information We Do Not Collect

We do not use advertising or analytics trackers of any kind (no Google Analytics, Meta Pixel, or similar tools). We do not collect payment card information directly — payments for direct client engagements are processed by Found (a financial technology platform) and are subject to Found's own privacy policy. We do not collect government identification numbers, health information, or financial account details.

2.5 Information Collected Automatically

Standard server logs maintained by our hosting and database providers may record IP address, browser type, and pages visited, used solely for security and operational purposes.

3. How We Use Your Information

- To provide, operate, and maintain your account and public portfolio.
- To power the client-tracking link feature described in Section 2.3.
- To communicate with you about your account or a support request.
- To send you platform updates or new-feature announcements — only if you have opted in.
- To comply with applicable legal obligations.

We do not sell, rent, or trade your personal information, and we do not use it for targeted advertising.

4. How We Share Your Information

- **Your Own Published Content:** anything you publish to your public portfolio page is, by design, visible to anyone who visits it.
- **Your Clients:** a client-tracking project's status/milestones/updates are visible only to someone holding that specific project's private link.
- **Service Providers:** we rely on Supabase for database, authentication, and file storage, and on standard web infrastructure (font and script delivery, static-site hosting) to operate the platform. These providers handle data only as needed to provide their service to us.
- **Legal Requirements:** we may disclose information if required by law, court order, or governmental authority.
- **Business Transfer:** in a merger, acquisition, or sale of assets, information may transfer as part of that transaction; we will notify you first.

We do not share your personal information with any other third party without your consent.

5. Data Retention

We retain your account and portfolio data for as long as your account is active. Client-tracking data is retained for the duration of the relevant project and for a reasonable period afterward, unless you request earlier deletion. You may request deletion of your account and associated data at any time by contacting us.

6. Your Rights

- **Access:** request a copy of the personal information we hold about you.
- **Correction:** request correction of inaccurate or incomplete information (most of this you can edit yourself from your dashboard).
- **Deletion:** request deletion of your personal information, subject to legal retention requirements.
- **Opt-Out:** opt out of non-essential communications at any time.

- **California Residents (CCPA):** the right to know what we collect, to request deletion, to opt out of any sale of personal information (which we do not engage in), and to non-discrimination for exercising these rights.

To exercise any of these rights, contact us at missameliava@gmail.com. We will respond within 30 days.

7. Data Security

We rely on Supabase's infrastructure, including row-level database security scoped to your account, to protect your information. No method of transmission or storage is 100% secure, and we encourage you to protect access to your email account, since it is the sole credential used to sign in.

8. Children's Privacy

Muses of Morenita is not directed to children under the age of 13, and we do not knowingly collect personal information from children under 13. If we become aware that we have, we will delete it promptly.

9. Third-Party Links

Your portfolio, Archive listings, and social links may point to third-party websites. This policy does not apply to those sites, and we are not responsible for their content or privacy practices.

10. Changes to This Policy

We may update this Privacy Policy from time to time. When we do, we will update the effective date above and, where appropriate, notify you by email. Continued use of the platform after a change constitutes acceptance of the updated policy.
